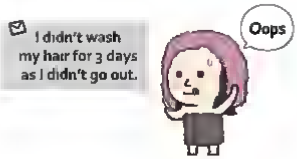
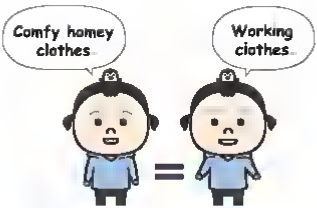
You Look Different Today

I work at home.



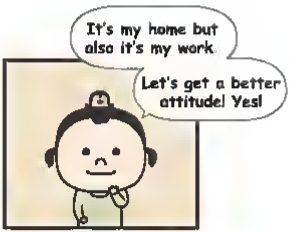
My loziness is not as bad as this.



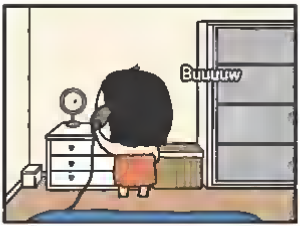
But as I don't go out to work,
I always look kind of scruffy.

Then one day.

I looked myself in the mirror, and I didn't like how I looked.



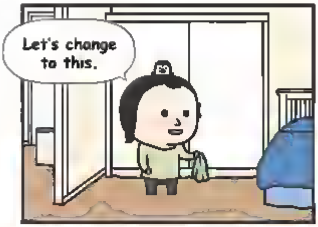
I made up my mind.



The next morning...
Like all the other days,
I had a shower and blow-dried my hair.

And then, I started my work after putting on the clothes that I wore yesterday automatically.

Soon, I realized that
I didn't keep the promise that
I had made the day before.



So I got changed.

And I put a little bit of make up on too.

When I was almost finished getting ready.

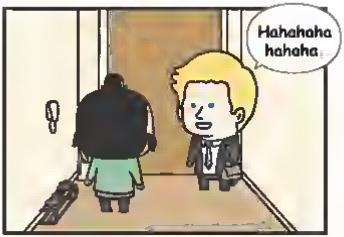
Our flat door bell rang
with good timing.

I received a parcel from the postman.

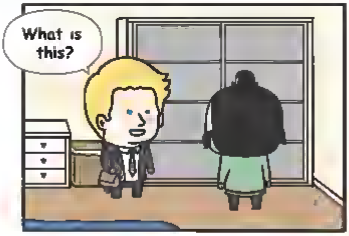
Then I returned to my seat
in a joyful mood.

A few hours later.

Mev come back home earlier than usually, so my day was going very well, I thought.



Hm?



What the heck is this?
